

# Enterprise-Grade Security. Legal-Grade Privacy.

## Zero Data Retention

- Your data is yours — we never store or train on it.
- Aligned with the strictest privacy ethics, including reviewing applicable bar opinions and ethics guidance.

## End-to-End Encryption

- Data encrypted in transit and at rest.
- SOC 2, ISO 27001, GDPR, and CCPA-aligned infrastructure.

## Audit Trails & Access Logging

- Complete record of access, changes, and activity.
- Supports compliance, dispute resolution, and internal governance.

## Deployment Flexibility

- Cloud, VPC, or on-premise options.
- Tailored for firms with strict internal IT and compliance requirements.
